CAREINN

FOOD SUPPLEMENT FOR MEMORY AND COGNITIVE DEFICITS

WITH GLUTATHIONE AND OLEUROPEIN

EUVITASE ADVANCE is a food supplement containing Oleuropein, Glutathione, Bacopa, Withania, Saffron, Myo-Inositol, Black Pepper and Vitamins, formulated to support the normal metabolic and functional balance of the central and peripheral nervous system.

It contains Glutathione, a natural peptide that acts as the body's main antioxidant defence. Glutathione plays an essential role in the metabolism of the Central Nervous System (CNS) and its functions.

Oleuropein, the olive tree's main polyphenol with strong antioxidant properties that promote metabolic homeostasis, and other plant extracts with a nootropic (psychoactive, able to improve cognitive performance) action are also present.

In recent studies, Oleuropein was found to be effective in counteracting the neurodegenerative process in cellular and animal models.

CAREINN

ACTIVE INGREDIENTS

- Glutathione: it is the most important antioxidant at the cellular level
- Bacopa monnieri: promotes memory and cognitive functions, relaxation and mental well-being
- Oleuropein: natural anti-inflammatory and antioxidant properties
- Withania: tonic and energizing properties for physical and mental well-being
- Myo-Inositol: antidepressant and anxiolytic properties
- Saffron: fights oxidative stress
- Black Pepper: antiseptic properties
- Vitamin E: contributes to the protection of cells from oxidative stress
- Biotin: contributes to the normal functioning of the nervous system
- Vitamin D: contributes to the normal absorption/utilization of calcium and phosphorus

EUVITASE ADVANCE has a specific composition of ingredients to help you maintain a young and fit mind even after the age of 40

Bacopa Monnieri	260 mg	Promotes memory and cognitive functions, relaxation and mental well-being
Olive d.e.	200 mg	Anti-inflammatory, antioxidant and antimicrobial properties
Glutathione	160 mg	Most important antioxidant at cellular level
Whitania d.e.	100 mg	Tonic and energising properties for physical and mental wellbeing
Myo-inositol	60 mg	Antidepressant and anxiolytic properties
Vitamin E	18 mg	Protect cell membranes from oxidative damage and promote cell renewal
Saffron d.e.	10 mg	Fights oxidative stress
Vitamin B12	10 mcg	Contributes to normal energy metabolism
Vitamin B6	5,6 mg	Contributes to the functioning of the nervous system and normal psychological function
Black pepper d.e.	6 mg	Antiseptic properties
Vitamin D	10 mcg	Contributes to normal absorption/utilisation of calcium and phosphorus
Biotina	200 mcg	Facilitates amino acid metabolism

CAREINN

Pack

60 capsules

How to use

Two capsules per day are recommended, taken at mealtimes.

Warnings

Food supplements are not intended as a substitute for a varied diet. Do not exceed the recommended daily dose. Do not give to children under three years of age. Do not use during pregnancy and lactation.

CAREIN

Counteracts cognitive deficits

Promotes memory and concentration

Enhances performance of cognitive functions

Efficacy of active ingredients proven by clinical studies

Efficacy of active ingredients demonstrated by a clinical study carried out at the Fatebenefratelli in Rome

The active ingredients contained in Euvitase have been the subject of numerous experimental and clinical studies that have demonstrated their efficacy in supporting memory and cognitive abilities and in maintaining the performance of the encephalon with advancing age. In a clinical trial recently conducted at the Fatebenefratelli Institute in Genzano (Rome), 20 subjects with mild cognitive impairment were treated for six months with a glutathione and oleuropein supplement.

The study, coordinated by Prof. Massimo Marianetti, showed a significant improvement of all psycho-neurological parameters measured at the end of the treatment compared to the beginning.

The results of the study were presented at the 25th World Congress of Neurology held in Rome in 2021 and published in March 2022

(Alzheimer's Dement. 2022 Mar 13; 8(1):e12278.)

CAREIN

Ingredients: Bacopa herb extr. sec (Bacopa monnieri (L.) Wettst.) tit. 20% Bacosides, Olive leaf extr. sec. (Olea europaea L.) tit. 40% Oleuropein, Hydroxypropyl methylcellulose, Reduced glutathione, Bulking agent: Microcrystalline cellulose; Withania root extr. sec (Whitania somnifera (L.) Dunal) tit. 10% Withanosides, Myo-Inositol, Soy Lecithin, Vitamin E (d,l-alpha-tocopherylacetate), Anti-caking agent: Magnesium salts of fatty acids; Saffron stigma extr. sec (Crocus sativus L.) tit. 2% Sanfranal and tit. 3% Crocine, Vitamin B12 (Cyanocobalamin), Vitamin B6 (Pyridoxine hydrochloride), Black pepper fruit extract sec (Piper nigrum L.) tit. 50% Piperine, Vitamin D (Cholecalciferol), Biotin.
