PHARMA

Active ingredients

Food supplement with BCAAs, HMB, Creatine, Beta-alanine, Taurine, Reduced Glutathione, Coenzyme Q10, Vitamins B6, Vitamin D that contributes to the maintenance of normal muscle function and with Coleus that enables regular cardiovascular function and regularity of blood pressure

Improved physical strength and increased muscle power,
so that they can cope with intense and strenuous workouts

What's in it

L-leucine; Calcium hydroxymethylbutyrate (Ca-HMB); Acidulant: Tartaric acid; L-isoleucine; L-valine; Creatine monohydrate; Inulin; Beta-alanine; Acidulant: Citric acid; Acidity regulator: Sodium hydrogen carbonate; Coleus (Coleus forskohlii (Willd.) Bricq.) root ES tit. 10% forskolin; Orange flavour; Taurine; Anti-caking agent: Silicon dioxide; Reduced L-glutathione; Coenzyme Q10; Sweetener: Sucralose; Colourant: Beta-carotene; Vitamin B6 (Pyridoxine hydrochloride); Vitamin D (Cholecalciferol).

How to use

We recommend taking 2 sachets a day, dissolved in 250-300 ml of water.

Content of characterising ingredients per recommended daily dose

Ingredienti	Quantitativi per dose massima giornaliera (2 bustine)	% VNR
L-leucina	2,5 g	
L-isoleucina	1,25 g	
L-valina	1,25 g	
Ca-HMB	2,4 g	
di cui HMB	2 g	
Creatina monoidrato	1,14 g	
di cui Creatina	1 g	
Beta-alanina	1 g	
<u>Coleus ES tit. 10%</u>	500 mg	
di cui <u>forskolina</u>	50 mg	
Taurina	300 mg	
L-Glutatione ridotto	100 mg	
Coenzima Q10	20 mg	
Vitamina B6	3,4 mg	242,86
Vitamina D	10 <u>mcg</u>	200
