

HEPATONORM

Dietary supplement with liver function

INNBIOTEC
— PHARMA —

Hepatonorm® food supplement with liver function, depurative and decongestant liver purifying and detoxifying action

-  Promotes liver function and counteracts the development of hepatic steatosis not due to excessive alcohol intake
-  Promotes the body's purifying function, facilitating the disposal of fats, triglycerides and cholesterol. It improves the metabolism of carbohydrates and lipids and regularises the function of the cardiovascular system.
-  Based on plant extracts, trace elements and Vitamin D with Milk Thistle liver function and purification

WITH GLUTATHIONE AND OLEUROPEIN

Mechanism of action

- Helps cleanse the liver and dispose of lipids
- Constant and prolonged use of Hepatonorm helps counteract hepatic steatosis

Active ingredients

- *Milk thistle: liver function, digestive function, body purifying function.*
- *Oleuropein: stimulates carbohydrate and lipid metabolism*
- *Choline: contributes to the maintenance of normal liver function*
- *Zinc: contributes to normal protein synthesis and protection of cells from stress.*
- *Vitamin B12: contributes to the reduction of tiredness and fatigue*
