

CYSTIBIOS

Dietary supplement for the wellbeing of the urinary tract

Cystibios® dietary supplement for the acute treatment and prevention of cystitis

-  Contains a mixture of plant extracts that have an action to protect cells from oxidative stress, regularity of intestinal transit and antioxidant action
-  Formulated with Oleuropein, D-Mannose, Bromelain, Vitamin C, Bearberry and Cranberry

WITH OLEUROPEIN

Active Ingredients

- ✓ D- Mannose : a sugar that acts by inhibiting the adhesion of bacteria to the cells of the epithelium of the urinary tract; their expulsion through urination is also promoted by this sugar
- ✓ Vitamin C : normal function of the immune system, reduction of tiredness and fatigue. Protection of cells against oxidative stress
- ✓ Cranberry and Bearberry: promote urinary tract function and drainage of body fluids
- ✓ Cranberry : promotes regularity of intestinal transit, antioxidant action
- ✓ Olive: promotes carbohydrate and lipid metabolism, normal blood circulation and regularity of blood pressure, antioxidant action

Gluten- and lactose-free. Suitable for vegetarians and vegans

Pack 16 single-dose sachets

How to use Take 1 sachet, once or twice a day. Dissolve contents in plenty of water or other beverage, at room temperature, preferably between meals and with an empty bladder. Take the last dose before going to bed. It is recommended to drink at least 1.0 - 1.5 L of water throughout the day.

Warnings Do not exceed the recommended daily dose. Keep out of reach of children under three years of age. Pregnant or lactating women and children should seek medical advice. Supplements should not be used as a substitute for a varied and balanced diet and a healthy lifestyle.
